

COVID-19 AND STUDENT CONDUCT

with Nelly "the Knowledge"
Narwhal and the Office of Student
Conduct

GUEST POLICY

Did you know first level violations of the Guest Policy often result in non-academic probation for a quarter per the Sanction Guidelines?

All living areas are "residents-only" communities with no guests permitted. Visitors to residential units are not allowed. This restriction does not apply to necessary caregivers.

Weekly Testing

Did you know weekly COVID-19 testing is now required of all graduate and undergraduate students?

Students have access to different options to participate in free asymptomatic and symptomatic testing to stay in compliance with the testing program.

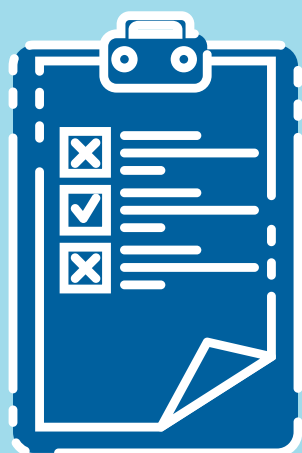

GATHERINGS

Did you know that gatherings are not permitted on campus, outdoors, or within campus housing facilities?

For more information on COVID-19 related policies, please visit the Office of Student Conduct website.

TESTING NON-COMPLIANCE

Did you know that residents who decide to not live in their on-campus housing should complete the Temporary Request to Pause COVID-19 Testing Email Reminders form?

This form will pause daily testing reminders and ensure you are not referred to the conduct process for testing non-compliance.
