 - ii. Group Practice
 1. Group: Jun, Moazzma, Nitin, Carina
 - a. Breadth: 4, doesn't impact at lot of students
 - b. Value: 7, 34 dollars per student. Do not have to give the full 50k. This proposal has good value for the impact.
 - c. Equity: 6, even though it is targeting a specific group, other groups might also benefit from the funding, how is funding going to be divided?
 - d. Depth: 8, since it is targeting a specific group, more students can get it, diapers are very expensive
 2. Group: Lucia, Faziah, Matthew, Nandhana
 - a. Value: 5, dependents are very important factor
 - b. Breadth: 4
 - c. Equity: 7, impact a lot of students, facing inequities head on, have a demand for it, these students are going to feel seen
 - d. Depth: 9, parents need to afford things like diapers, really important
 3. Group: Annie, Dhanush, Sonal, Nicole, Greeshma
 - a. Value: 5, amount of money each student is getting is 1% of actual cost of the \$10,000 cost.
 - b. Breadth: 4, 380 out of 1.4k. Doesn't consider undergrad and other graduate students, not as effective
 - c. Equity: 8/9, student population is ignored, underrepresented
 - d. Depth: 7, childcare items are very important,
