 - d. 4 Scoring Metrics
 - i. Breadth, Value, Depth, Equity
 - e. Recreation: Heart of UC San Diego
 - i. Group 1:
 1. Depth: 6, little vague, needs more clarification, who are the trained individuals?
 - ii. Group 2:
 1. Equity: 4, pre-medical students are represented on campus in numerous clubs and organizations, offered other places on campus
 - iii. Group 3:
 1. Breadth: 6, even though it is 2 percent of student, these newly trained students benefit the community at large,
 - iv. Group 4:
 1. Value: 8, once a student has done the training incentives them to come back to renew training, saving lives, cheaper than off campus, accessible
 - f. Family Food Pantry vs Recreation Heart of UC San Diego
 - i. Group 1 Family Food Pantry & Children Closet:
 1. Shaping kids' lives on a daily basis, a section of the food pantry has educational material, increased access to these materials will promote their well being.
 2. The amount of students being affected by CPR is not enough to make a very big difference, return of invest is based on chance (if someone is choking and if a person who knows CPR is there)
 - ii. Group 2 Family Food Pantry & Children Closet:
 1. Food Pantry provides has more numbers, providing for children's student directly

Meeting Minutes

2. There are all ready classes, this provides a more novel resource
 3. Provides a baseline, researches further needs, innovative
 4. Students with dependents lack resources, this program helps remove stress and financial strain
 - iii. Group 3 Heart of UC San Diego:
 1. CPR targets RA, RA is responsible for at least 20 students, indirectly Heart of UC San Diego has greater affect, skills learned last for life
 2. Getting multiple certifications, funding cut from other clubs so lack of resources on campus, breaks down the barrier
 - iv. Group 4 Heart of UC San Diego:
 1. Affects double the population, life is invaluable, benefits greater for the San Diego community, visitors could benefit
 2. 68 dollars for a lifelong skill of being able save lives is very important
 - g. SFAC Priorities
 - i. What is not as prevalent on campus? Basic Needs already has hubs on campus.
 - ii. Need to focus on innovation, SFAC should focus on innovation grants.
 - iii. Campus facilities and student spaces, long lasting innovating impacts, campus spaces should be comfortable,
 - h. Campus Project
 - i. We do not have to implement a campus project, both this and proposal come from the same spot of money
 - ii. Ideas: upkeep, updating furniture in study locations, commuter lounges items stocking, charging stations, one time funding for basic needs / triton food pantry, professional development, scooter safety (better ways to protect pedestrian), not enough graduate housing resources like printers, CalFresh benefits, professional development headshot photo booth like last year,
 - i. Housekeeping
5. Adjournment
 - a. 4:22 pm
